## THE COMMITTEE

For the 12th Annual Limestone Coast Wine Show we welcome our new Chairman of Judges, Andrew Wigan. Andrew has been a judge and supporter of our show for many years, and heads a talented judging team for us.

Judging was again conducted at the Coonawarra Hall, and our trophy dinner at Stonehaven Barrel Hall puts Padthaway under the spotlight. Our international judge Anthony Gismondi has also been immersed into the Padthaway experience during his stay in the Limestone Coast.

Strong exhibit numbers and new judging recommendations prompted us to extend judging to a third day. Keeping the number of exhibits judged per day lower will result in better quality judging conditions, reduce judge fatigue, and showcase our great wines in a more favourable light.

Brendan Provis is leaving the committee after five years, and we thank him for his support. Please approach any of our committee members if you have an interest to join our committee, any help is always welcome.

We thank our exhibitors for their strong support of the Limestone Coast Wine Show. Your endorsement ensures the continued success of this great regional event.

Committee L to R: Sean Murphy, Sarah Pidgeon, Gerard Coote, Angela Pomery, Stacey Seymour (Score Keeper), Simon Fennell (Chief Steward), Bruce Gregory. Inset: Greg Foster (Left), Brendan Provis (Right)

3. Entry fee of \$50 including GST per exhibit must accompany Application for Entry; this entry fee is non-refundable.
4. Each entry shall consist of four (4) x 750ml or equivalent (eight (8) x 375 ml samples in class 30). One dozen extra samples required for gold medal and trophy winners. Commercially labelled stock preferred if available. To be delivered within one month of the end of the wine show.
5. An exhibitor is defined as any Person, Partnership, Company or Body Corporate who or which in the opinion of the Committee:
  - (a) produces wine; or
  - (b) grows grapes and has wine made for the purpose of sale by wholesale or retail under the name or preferred business name of such.
6. All Entries shall bear labels supplied by the Wine Show Committee. Exhibits bearing commercial labels will be accepted. The Wine Show label should not obscure the commercial labels if possible.
7. Entries in the Museum classes 29 & 30 shall be commercially labelled & dressed as well as bear the Wine Show label supplied. The Wine Show label should not obscure the commercial labels if possible.
8. There will be a Trophy for the Best Individual Vineyard Wine. The Individual vineyard wines will be judged amongst the regular exhibits and the Trophy can only be awarded to a gold medal wine. For an exhibit to be considered by the committee as individual vineyard it shall be from a **Named** single block or vineyard, clearly referred to on the commercial label (front or back) that reflects the link between site and label. The individual block or vineyard shall be a single site, continuous and defined. The wine shall be 85% or greater from this site. **Both Entry form and FORM 2 statutory declaration shall be completed and signed for these exhibits. (NOTE - map and labels will be required with FORM 2.)**
9. Exhibits are to be packed in cartons clearly stating the exhibitor's name and class numbers in that carton. The wine show committee will supply bottle labels, detailing class number, entry number, vintage and varietal composition and whether the wine is bottled or not.

16. There will be an International Judges Award. Any labelled wine entered in the show is eligible for this award. The International Judge will determine the criteria for selection. The philosophy is to award a deserving wine that shows excellence but would not necessarily achieve status in the existing judging and trophy structure. The award will be presented along with the trophies and in similar fashion.
17. There will be an opportunity to enter small batch wines. Small batch is where a maximum of 1350L (150 dozen) were produced and a minimum of 25 cases are in stock at time of entry. These will be judged with the regular exhibits and in the regular classes. If a wine is entered as small batch at time of entry, it is not eligible for any trophy other than the small batch trophy. The Stand Alone TROPHY for Small Batch wines may be given to the best wine that exhibits something new or innovative or is simply excellent. Small Batch wines shall not be entered in the Museum classes (classes 29 & 30). Only gold medal wines are eligible for this Trophy.
18. Judges will use the standard 20 point scale, with results published for all wines. **Tank samples or unbottled/unfinished wines will receive points only and are not eligible for medals or awards trophies.**
19. The most successful exhibitor trophy will be awarded to the exhibitor who has achieved the highest aggregate score, from their top five or less scoring entries. ## THE TROPHIES

### THE BILL REDMAN TROPHY FOR THE BEST WINE OF SHOW

Bill Redman is considered to be one of the pioneers for the region's wine industry. His first vintage was at John Riddoch's winery in Coonawarra in 1901 and he was appointed head cellar person at the age of 19 and learnt the craft of winemaking from Ewen Fergusson McBain.

In 1909 Redman entered into an agreement with Douglas A Tolley to make wine from the Redman family vineyard in hogsheads supplied by Tolley. This arrangement continued for 10 years with most of the wine being exported to Britain. Bill Redman subsequently made wine in bulk primarily for Woodley Wines until the 1950's. The wine was said to be a lighter bodied 'claret' style aged in large casks for at least 2 years. Bill oversaw all the winemaking in Coonawarra from 1946 to 1951.

In the early 1950's Bill started to supply wine to several wines companies such as Hardy, Yalumba, Leo Buring, Woodley and Chateau Reynella.

In 1952 Bill established Rouge Homme and the first wine to appear under his own label was the 1953 Rouge Homme Claret. Bill retired in 1954 however he remained involved with Rouge Homme until its sale in 1965 and subsequently Redman Wines until his death in 1979.

### THE ARTHUR HOFFMANN TROPHY FOR VITICULTURALIST OF BEST WINE OF SHOW

Arthur Hoffmann had a long association with the region's wine industry; principally in viticulture, although he did work the still in the early days of Chateau Comaum. Arthur Hoffmann's viticultural training was hands on. His skill in the vineyard was learned from his work in Coonawarra vineyards, primarily the Stentiford and Johnson vineyards along with his family's vineyards, also in Coonawarra.

Even though the government of the day in the 1930s was offering subsidy to pull vines and encouraging dairy farming, Arthur continued to grow grapes and sold his fruit to Bill Redman who said the great wines of Rouge Homme came from Hoffman vineyards. In 1965 Arthur sold his 60-year-old Shiraz block to the fledgling Redman Wines and he continued his association with the Redmans in the vineyard and cellar door until his retirement in 1990 aged 87. Arthur Hoffmann passed away in 1994.

## THE DAVID WYNN TROPHY FOR THE BEST RED WINE OF THE SHOW

It is evident David Wynn saw that it was not enough just to make great wine, but that a concerted marketing effort would be required for Australians to accept table wines as part of their lives.

David's father, Samuel Wynn, was a successful Melbourne wine merchant and was familiar with the attributes of Coonawarra. However when the opportunity arose to purchase Chateau Comaun (the old Riddoch winery) and vineyards, Samuel was not convinced it would be a good viticultural investment, largely due to a report indicating the property would be unviable for wine production. David was not as cautious as his father and courageously went ahead with the purchase.

Securing the help of Ian Hickinbotham, Wynn's main aim was to combine the wines produced with "an advertising campaign in Melbourne to make Coonawarra famous. People when thinking of Claret, would then think of Coonawarra". What ensued was the distinctive branding of Wynns Coonawarra Estate and its position in the market as one of the first quality wines of Australia.

Whilst Wynns Coonawarra Estate was positioned at the connoisseur end of the market and it is thought he was the first wine producer to promote wine and food combinations with recipe neck tags, David Wynn was also visionary in ensuring everyday Australians could have access to good quality and affordable table wines. This came about by Wynn introducing the first wine flagon in Australia and the pioneering of the wine cask.

After the sale of Wynns, David went on to establish with his son Adam, Mountadam Wines in the high Eden Valley, which was one of Australia's pioneers in Chardonnay production and again focussing on the upper end of the market.

David Wynn's achievements were acknowledged with the receipt the 1993 Maurice O'Shea Award for outstanding contribution to the Australian Wine Industry.

## THE COLIN KIDD TROPHY FOR BEST WHITE WINE OF SHOW

Colin Kidd was born in Renmark in 1925, and spent much of his early years on the family fruit-growing property. He served in the RAAF during WW2, and returned to private fruit growing until 1965 when the government acquired the family farm for the Chowilla Dam project.

Colin and his family arrived in Coonawarra soon after that to take over from Philip Laffer at Rouge Homme and to continue Lindemans Vineyard Developments at Coonawarra and Padthaway. He was to preside over the 1968 to 1972 Rouge Homme Winery Vintages in addition to managing the company vineyards. Colin later became responsible nationally for Lindemans Vineyard Operations.

During his period in the Limestone Coast Colin presided over key developments including the Lindemans St. George and Limestone Ridge Vineyards, developing the Lindemans Padthaway Vineyards just a year behind Karl Seppelts' pioneering vineyard at Keppoch, and developing a small pilot vineyard of four wine grape varieties at Mt Benson in 1980.

Colin was an instigator in bringing the Coonawarra and Limestone Coast Wine Industries together through various forums and projects of the time, including the South East Viticultural Council (since renamed the Limestone Coast Grape & Wine Council), the Coonawarra Airfield Company, with its land acquisition and development of the McGillivray Airstrip and the introduction of such Coonawarra institutions such as 'Bottle Nights' and the local Beefsteak and Burgundy Clubs.

Colin had built his home in Penola and continued his involvement with the Wine Industry and other community interests since his retirement from Lindemans in 1990, and he has more recently retired to Adelaide to remain closer to his family.

## THE H.R. (RON) HASELGROVE TROPHY FOR BEST CABERNET OF SHOW

Harry Ronald (known as Ron) Haselgrove was born at Unley, South Australia on 23rd April 1900. He was educated at Unley High School and Roseworthy Agricultural College, from where he graduated in 1919. Ron went on to do a wool-classing course and spent six months working on the wool floor at Bagot, Shakes and Lewis at Port Adelaide. He returned to Roseworthy in 1920 as temporary Acting Analytical Chemist. The following year he did his first vintage at Renmark Growers Distillery, Renmark under the direction of Leo Buring.

From 1922 to 1924 Ron studied at L'Ecole Nationale d'Agriculture at Montpellier. On his return to Australia he joined Angoves Ltd, winemakers and distillers at Renmark and Tea Tree Gully. Ron worked for the Angove family until 1938. In 1934, while still at Angoves, Ron became technical advisor for Mildara Wines at Merbein, Victoria, and four years later left Angoves to become Managing Director of Mildara wines. Over the ensuing decade, Ron effectively turned around the fortunes of the struggling winemaker.

In the early 1950's. Ron turned his attention to the production of 'claret' style wines and for this purchased grapes from the (then) little known Coonawarra district of South Australia. In 1955 Mildara purchased land at Coonawarra and developed 370 hectares of vineyards.

From his overseas travels throughout the noted wine regions of France, particularly Bordeaux, Ron was strongly influenced by the use of different forms of oak in the maturation of wines and spent the following years in collaboration with a number of cooperages introducing various oak vessels and styles to his wines. One of the most influential of these being the production of the 1963 Mildara Cabernet, better known as "Peppermint Pattie" which was matured in new oak hogsheads instead of the 5000 gallon vats typical of the time.

Ron served as President of the Australian Wine and Brandy Association (1954-1957), and as member of the Australian Wine Board (1936-1969), President of the Victorian Wine and Brandy Producers' Association (1954-1957). He played an important role in the establishment of the Australian Wine Research Institute and served on its council for 18 years (1955-1973).

His vision and winemaking skill made Ron one of Coonawarra's modern pioneers of winemaking and he was made an Officer of the Most Excellent Order of the British Empire in 1964 in recognition of his contribution to the Australian wine industry. He retired from Mildara Wines in July 1971.

## KARL SEPELT TROPHY FOR THE BEST WINE IN CLASSES 1, 2, 3, 6, 12, 18

Karl Seppelt is a third generation member of the Seppelt family who are a long established Australian winemaking dynasty which originated in the Barossa in the 1850's. In the early 1960's Karl travelled overseas visiting many of the old world wine growing regions. It became "obvious" to him that for the Australian wine industry to progress beyond a predominately fortified wine producer, new regions suitable for premium table wine production needed to be found.

He sought out Government and private information on agricultural land that he considered might be suitable for this type of endeavour. Armed with this knowledge and further intelligence garnered from sending his vineyard manager Ossy Leske on a "holiday" to get local knowledge, Seppelt purchased land in Padthaway and Drumborg. In 1963/64 Drumborg was planted with Riesling and Padthaway with Shiraz and Cabernet Sauvignon.

Over the past 40 years Drumborg has proven to be a quality producer of European style Riesling, and Padthaway has excelled with several varieties over its brief history. These include Riesling in the 1970's, Chardonnay in the 1980's and 1990's and more recently Shiraz. Another aspect of Karl's vision was the establishment of Chardonnay and in the late 1970's, the Barooga Vinyard was the largest single Chardonnay vineyard in Australia.

Karl Seppelt as company viticulturist continued the expansion of vineyards in Padthaway into the 1980's with the purchase of a neighbouring property for wine grape growing. He left the Seppelt company in 1985 to further pursue his wine growing vision at his Grand Cru Estate in the Eden Valley region, he is also an active contributor to the Australian Wine Industry through his involvement with the Adelaide wine show and other wine industry organisations.

The original name for the Padthaway region, "Keppoch" coined by Seppelt is no longer in use; however the legacy of Karl Seppelt's vision of Padthaway as a winegrowing region lives on through the many superb and diverse wines produced in the area.

## THE EWEN FERGUSON MCBAIN TROPHY FOR BEST MUSEUM WINE IN CLASSES 30 & 31

Ewen Fergusson McBain was educated at Roseworthy Agricultural College where he spent six and a half years, winning the Roseworthy gold medal (Dux of his year). Upon graduation he undertook work with various government agricultural experimental stations and became assistant government viticulturalist and superintendent of experimental blocks in the South East and after two years was appointed assistant to Professor Perkins of Roseworthy College.

Professor Perkins had been advising John Riddoch on the establishment of the Yallum Fruit Colony and recommended McBain to Riddoch who selected him as his first winemaker for the Riddoch cellars.

In 1898 he took up the position as manager of Yallum Park Fruit Colony where the sixty acres of vines received his skillful attention and he commenced making wine in the partially completed cellars of John Riddoch winery (now known as Wynns Coonawarra Estate). During his time as manager he oversaw the completion of the cellars and the installation of a pot still to make brandy, as well as the training of young Bill Redman, who took over winemaking in 1908. Ewen Fergusson McBain was said to have been meticulous and insisted on absolute cleanliness in the winery.

He remained at the fruit colony and winery manager until circa 1907. He owned several blocks and a large holding of land at Comaun and he remained in the region until 1922 until ill health led him to move to Adelaide.

Ewen Fergusson McBain brought to Coonawarra the best science and up to date knowledge of the day for the establishment of this new region.

The advertisement features a conceptual design. The top half shows a lush green vineyard with rows of grapevines. A stylized, vibrant blue stream of water flows from the vineyard, curving downwards and to the right. In the background of the vineyard, there are red irrigation hoppers and black barrels. The bottom half of the image has a light beige, textured background. On this background, the 'water dynamics' logo is positioned on the left, with the word 'water' in blue and 'dynamics' in black, followed by a blue swoosh. Below the logo, the tagline 'turning water into wine' is written in a dark blue serif font. To the right of the text, there are two bottles of wine (one white, one red), a glass of red wine, and bunches of yellow and red grapes.

NOTES:

The difference between us and the others is our Nanofiltration process accommodates four different levels of filtration. Therefore we can tailor the process to suit your product needs with no heat, resulting in little or no effect on the wine. Our process maximises the potential of your wine with minimal volume loss. ## CLASS 19 - SHIRAZ

**Judges:** Nick Ryan, Mike Bennie, Ed Tomlinson

**Associate Judges:** Luke Skeer, Dan Redman

**Judges Comments:** A strong class overall despite several wines looking a little wearier than they should. Pleasing diversity of styles, from classics to progressive. Top wine a beautifully complete example of what Shiraz can do here.
