## FROM THE PRESIDENT

As President of the Limestone Coast Grape and Wine Council, I welcome you to these awards. This year marks the 2023 Limestone Coast Wine Show, which is managed by the Wine Show sub-committee of the Limestone Coast Grape and Wine Council.

The Limestone Coast Grape and Wine Council wine show awards have evolved over time, with a common theme of celebrating exceptional wines of the region. What makes the awards unique are aspects such as inviting international judges, the viticulture awards, the diversity of the regions involved, the naming of awards after important contributors and unique trophies that reflect the region.

As the peak organisation for you (our members), and our industry in the region, the Limestone Coast Grape and Wine Council advocates for you at a regional, state and national level. Our advocacy covers many areas, including water management and security in the region, biosecurity issues, global-political and supply chain matters, and emerging environmental, social and governance expectations.

A couple of examples of how we do this. Recently I represented our region at the AGM of Wine Grape Council SA. The issues we face have common threads across South Australia and our engagement in forums such as Wine Grape Council SA add to our knowledge and influence. Next week we will present to members of the country cabinet when they are in the region and have identified issues that we believe need their support. We will advocate strongly for these issues.

The Committee of the Limestone Coast Grape and Wine Council is made up of a nominated representative from each region together with associate members. Thank you to the committee for your engagement and guidance of the organisation.

I thank Brian Nitschinsk our Treasurer and Claire Davies our Deputy President, our executive, for the time, knowledge and the energy you give to the Council – and for leading me in the right direction on occasion – as needed.

Our sub-committees – the Mixed Dozen Wine Trail committee (led by Pete Bissell), the Technical committee (led by Hans Loder), the Wine Show committee (led by Carolyn Brown), and the Events committee (led by Ian Mulligan), are managed by volunteers, with support from our Executive Officer, Ulrich Grey-Smith. Thank you for your work, it is so important to the industry. We are always happy to mentor and support new volunteers. As a result of this work we provide services to you, our members, across key areas.

Over the last year we have completed a review process for the Executive Officer role, so that the role is now clear. We have consulted with our members and then renewed our funding agreement with Wine Australia, which allows us to manage the delivery of research and development projects across the region. Our seasonal newsletter is now established as a way to communicate with members and our financial systems are solid and provide clear direction. It is important that the governance of the organisation is strong so that we strengthen stakeholder confidence, we provide the basis for a high-performing organisation, and we ensure that the Limestone Coast Grape and Wine Council is well placed to respond to a changing environment.

be used for/toward an international field trip to be within 2 years of it being presented. Where more than one viticulturist has been involved in growing grapes for a wine, only one viticulturist must be nominated on the entry form for the purposes for granting the travel bursary. Winemakers or proprietors are not accepted by the committee as substitutes for nomination, and if a name cannot be provided for a winning wine, the trophy and travel bursary will be withheld.

- 3.3. There will be a trophy for the Best Individual Vineyard Wine. On entry you, the exhibitor, will be able to specify if it is to be considered for this trophy. These entries will be judged amongst the regular classes, and meet minimum stock holdings for those classes so that they are still eligible for second and first tier trophies. The **criteria** for an exhibit to be considered as an **INDIVIDUAL VINEYARD** wine shall be:
  - 3.3.1. From a **NAMED** single vineyard block, continuous and defined and able to be clearly identified on your vineyard map. The wine shall be 85% or greater from this site
  - 3.3.2. The Single vineyard block shall be **clearly named on the commercial label** and be:
    - 3.3.2.1 named on either the front or back label (or both) and reflect the link between site and label
    - 3.3.2.2. separate from the usual branding banner and/or the brand name
  - 3.3.3. A **FORM 2 (Statutory Declaration)** for each wine shall be completed with the required documents submitted at time of exhibit delivery.
    - 3.3.3.1. **Label** - A PDF (preferred) or paper copy of the label must be received for review by the committee to be held on file for 3 years
    - 3.3.3.2. **Map** - A copy of the map clearly showing the single named vineyard (vineyard block) continuous and defined.
    - 3.3.3.3. *(If the FORM 2 is not received prior to judging, the committee will untick the Individual Vineyard box on the entry form and the exhibit will be judged normally within its class.)*
    - 3.3.3.4. **The Vineyard Register (VR) is ELECTRONIC this year:** We will require all documentation to be sent this year. The VR will be available to use again in 2024. All 2023 entries will be kept on electronic file so that the VR option is available in future years.
      - 3.3.3.4.1. In previous years returning individual vineyard exhibitors may have opted to use the **VINEYARD REGISTER**, whereby documentation was submitted at least once every three years, if no significant changes were made to the wine label and/or vineyard block as defined on the label. If significant changes had occurred, paperwork as for 3.3.5.1 and 3.3.5.2 would have been required.

# WINE SHOW '23 | results

- 3.4. There will be an opportunity to enter experimental small batch wines. Small batch is defined by the committee as where a maximum of 1350L (150 dozen) were produced and a minimum of 25 cases are in stock at time of entry. These will be judged with the regular exhibits and in the regular classes. The Panel Chair will be advised of the exhibit numbers of small batch wines within each class once initial judging of the class is complete, in order to make decisions on the wine's merit to be put forward for this award. The award is designed to encourage experimentation, and may be given to the best wine that exhibits something new or innovative or is simply excellent. If a wine is entered as an experimental small batch at time of entry, it is not eligible for any award other than the experimental small batch award. The winning wine does not need to be a gold medal, and may or may not be a bottled wine. Small Batch wines shall not be entered in the Museum or Provenance classes (classes 8 to 15).
- 3.5. There will be an International Judges Award. Any labelled wine entered in the show is eligible for this award. The International Judge will determine the criteria for selection. The philosophy is to award a deserving wine that shows excellence but would not necessarily achieve status in the existing judging and trophy structure. The award will be presented along with the trophies and in similar fashion. Non bottled wines are excluded from this award.
- 3.6. There will be an award for The Chief of Judges wine to watch. This will be awarded to any wine of merit by the Chief of Judges. It does not need to be a gold medal wine and is a stand alone award. Non bottled wines are excluded from this award.
- 3.7. The most successful exhibitor trophy will be awarded to the exhibitor who has achieved the highest aggregate score, from their top five or less scoring entries. No more than five exhibits shall be included for the calculation for this trophy. Non-bottled wines points and Provenance Classes 8-15 are excluded from this calculation.
- 3.8. Wines entered for **Museum Classes and Provenance Trophies** will be judged as a stand-alone group or section. Exhibitors will be asked to enter **3 wines of the same label**, one of current vintage, one of between 5 years and 9 years older than current vintage and one of at least 10 years older than current vintage. Wines will be **judged as a group of three**. Provenance is designed to recognise and celebrate wines of exceptional consistency of style and quality over time. The label is the winner, not a particular vintage. Exhibits entered into the Wine of Provenance classes may also be entered in an Open Class.
  - 3.8.1 Sample requirements are 2 bottles for each provenance or Museum class (ref Reg 1.4). Any unopened exhibits entered into classes 8-13 will be available for collection by the exhibitor at the exhibitor tasting or by arrangement with the committee.

#### 4. Protocols

- 4.1. All exhibits become the property of the Limestone Coast Wine Show.
- 4.2. Condition of entry that exhibitors agree to abide by the consequences of the wine show auditing process.
- 4.3. The Committee shall audit exhibits as per ASVO Wine Show Project Reference Group recommendations. (refer ASVO BPR 2020 section 4.7).
  - 4.3.1. Labelling Integrity Program (LIP) paper-trail compliance.
  - 4.3.2. Minimum stock at time of entry.
  - 4.3.3. Will be asked on entry to nominate address or warehouse where stock can be inspected and audited, as inspection of stock may form part of audit process.
  - 4.3.4. Pre-Judging and post-judging audits (refer ASVO BPR 2020 4.7.3).
  - 4.3.5. The audit process may be conducted by an internal or external auditor.

## THE TROPHIES - TOP TIER

### THE BILL REDMAN TROPHY FOR BEST WINE OF SHOW

Bill Redman is considered to be one of the pioneers for the region's wine industry. His first vintage was at John Riddoch's winery in Coonawarra in 1901 and he was appointed head cellar person at the age of 19 and learnt the craft of winemaking from Ewen Fergusson McBain.

In 1909 Redman entered into an agreement with Douglas A Tolley to make wine from the Redman family vineyard in hogsheads supplied by Tolley. This arrangement continued for 10 years with most of the wine being exported to Britain. Bill Redman subsequently made wine in bulk primarily for Woodley Wines until the 1950's, The wine was said to be a lighter bodied 'claret' style aged in large casks for at least 2 years. Bill oversaw all the winemaking in Coonawarra from 1946 to 1951.

In the early 1950's Bill started to supply wine to several wines companies such as Hardy, Yalumba, Leo Buring, Woodley and Chateau Reynella. In 1952 Bill established Rouge Homme and the first wine to appear under his own label was the 1953 Rouge Homme Claret. Bill retired in 1954 however he remained involved with Rouge Homme until its sale in 1965 and subsequently Redman Wines until his death in 1979.

### THE ARTHUR HOFFMANN TROPHY FOR VITICULTURIST OF BEST WINE OF SHOW

Arthur Hoffmann had a long association with the region's wine industry; principally in viticulture, although he did work the still in the early days of Chateau Comaum. Arthur Hoffmann's viticultural training was hands on. His skill in the vineyard was learned from his work in Coonawarra vineyards, primarily the Stentiford and Johnson vineyards along with his family's vineyards, also in Coonawarra.

Even though the government of the day in the 1930s was offering subsidy to pull vines and encouraging dairy farming, Arthur continued to grow grapes and sold his fruit to Bill Redman who said the great wines of Rouge Homme came from Hoffmann vineyards. In 1965 Arthur sold his 60-year-old Shiraz block to the fledgling Redman Wines and he continued his association with the Redmans in the vineyard and cellar door until his retirement in 1990 aged 87. Arthur Hoffmann passed away in 1994.

## THE TROPHIES – SECOND TIER

### THE DAVID WYNN TROPHY FOR BEST RED WINE OF SHOW

It is evident David Wynn saw that it was not enough just to make great wine, but that a concerted marketing effort would be required for Australians to accept table wines as part of their lives.

David's father, Samuel Wynn, was a successful Melbourne wine merchant and was familiar with the attributes of Coonawarra. However when the opportunity arose to purchase Chateau Comaum (the old Riddoch winery) and vineyards, Samuel was not convinced it would be a good viticultural investment, largely due to a report indicating the property would be unviable for wine production. David was not as cautious as his father and courageously went ahead with the purchase.

Securing the help of Ian Hickinbotham, Wynn's main aim was to combine the wines produced with "an advertising campaign in Melbourne to make Coonawarra famous. People when thinking of Claret, would then think of Coonawarra". What ensued was the distinctive branding of Wynns Coonawarra Estate and its position in the market as one of the first quality wines of Australia.

### THE COLIN KIDD TROPHY FOR BEST WHITE WINE OF SHOW

Colin and his family arrived in Coonawarra soon after 1965 to take over from Philip Laffer at Rouge Homme and to continue Lindemans Vineyard Developments at Coonawarra and Padthaway. He was to preside over the 1968 to 1972 Rouge Homme Winery Vintages in addition to managing the company vineyards. Colin later became responsible nationally for Lindemans Vineyard Operations.

During his period in the Limestone Coast Colin presided over key developments including the Lindemans St. George and Limestone Ridge Vineyards, developing the Lindemans Padthaway Vineyards just a year behind Karl Seppelts' pioneering vineyard at Keppoch, and developing a small pilot vineyard of four wine grape varieties at Mt Benson in 1980.

Colin was an instigator in bringing the Coonawarra and Limestone Coast Wine Industries together through various forums and projects of the time, including the South East Viticultural Council (since renamed the Limestone Coast Grape & Wine Council), the Coonawarra Airfield Company, with its land acquisition and development of the McGillivray Airstrip and the introduction of such Coonawarra institutions such as 'Bottle Nights' and the local Beefsteak and Burgundy Clubs.

## THE TROPHIES - THIRD TIER

### THE KARL SEPPELT TROPHY FOR BEST WHITE (Excluding Chardonnay)

Karl Seppelt is a third generation member of the Seppelt family who are a long established Australian winemaking dynasty which originated in the Barossa in the 1850's. In the early 1960's Karl travelled overseas visiting many of the old world wine growing regions. It became "obvious" to him that for the Australian wine industry to progress beyond a predominately fortified wine producer, new regions suitable for premium table wine production needed to be found. He sought government and private information on agricultural land that he considered might be suitable for this of endeavour. Armed with that knowledge and further intelligence garnered from sending his vineyard manager on a holiday to get local knowledge, Seppelt purchased land in Padthaway, with the first plantings of Shiraz and Cabernet in 1964. Karl Seppelt as company viticulturist continued the expansion of vineyard in Padthaway into the 1980's. The original name for the Padthaway Region, 'Keppoch' coined by Seppelt is no longer in use, original plantings are still productive and have provided valuable source material and knowledge, and still make good wine today.

### THE PAM DUNSFORD TROPHY FOR BEST CHARDONNAY

In 1974 as Australia's first qualified female winemaker, Pam went to Wynns Glenloth Winery in Reynella. She worked there until 1986. Pam learnt her practical winemaking skills working for Morgan Yeatman at Glenloth and her seminal academic education occurred when her employers, Wynns Winegrowers, agreed to her request to take a Masters Degree at Davis, University of California, where she studied with luminaries such as Vern Singleton and Roger Boulton in 1978-1979. Pam was part the Wynns White Winemaking team that embraced technological advances like night harvesting and yeast and bacteria selections. Glenloth received night harvested Riesling and Chardonnay from Coonawarra and Padthaway. The first harvests of Chardonnay in the South-East were in 1982 and received by Pam. Later, while consulting at Chapel Hill, Pam developed and refined the Chardonnay wine styles we love today with much of the fruit coming from Coonawarra and Padthaway. After Wynns, Pam gained a Churchill Scholarship which she spent in Champagne, France. Upon returning to Australia, she became a consultant. Her clients included Chapel Hill, Darguard and Jaegle, TAFE Catering school at Regency Park, Roseworthy College and Padthaway Estate. For the Partners at Padthaway Estate, she commissioned a woolshed winery with a reproduction Champagne press and convinced Ron Potter to make it. And to this day, it is the only one of its type in Australia. Pam's stamp on the development of Australian Chardonnay styles, and the further development of traditional sparkling production techniques are marked permanently in the DNA of the wine regions of the Limestone Coast. Never one to stand still, in 2008 Pam embarked on a career change and commenced studies in Anthropology. However, the winemaking fraternity did not let her step away completely, and she continues to give generous guidance, inspiration and friendship to many young and older winemakers alike.

### THE ERIC BRAND TROPHY FOR BEST SHIRAZ

Eric established Brands Laira in 1966 after acquiring the vineyard in 1950. Brands Laira was one of the first small wineries in Coonawarra and the first winery to open a Cellardoor sales outlet. Having served in the RAAF in Papua New Guinea and Borneo during the second world war Eric returned to Australia and settled in Coonawarra. Eric has left a strong legacy of community involvement. Involved in the setting up of the Viticultural Council of SE (now the Limestone Coast Grape and Wine Council) and the Coonawarra Vignerons Association. Eric was a mentor to many people, helping with the establishment and encouragement of many new wineries in the region. Eric was invested in 1995 as the First Patron of Coonawarra, in recognition of 50 years of commitment to the Coonawarra wine region and received the O.A.M. in 2002 for his contribution to the wine industry and community. A man of few words but sharp sense of humour, Eric has truly made a life time contribution to our wine community.

## THE TROPHIES - THIRD TIER

### THE PETER WEHL TROPHY FOR BEST MERLOT

Peter 'Pete' Wehl was one of the great characters of the Mt Benson region. He was a passionate ambassador for both his family wine label and the region that was to become South Australia's first to be registered as a GI. Wehl worked tirelessly to promote and advocate for the success of Mt Benson. He had a generous and quick witted disposition and an ability to bring people together, bridging the gaps, not just between North and South sides of the region but between grape growers and wine producers and the older and younger generations in the industry. His natural affinity for viticulture made him a great asset to other growers in the region who drew upon Pete for advice and mentorship. The Wehl family played a pivotal role in the history of what is now an exceptional region for growing Shiraz, Cabernet and Sauvignon blanc. While a stroke of luck may have played a role in their decision, there is evidence that it was the red soil and cool maritime conditions that caught their attention leading them to be the first to plant grapes in Mt Benson. From humble beginnings of a two hectare plot of Cabernet in 1989, Wehl, along with parents, Bill and Margaret and wife Leah went on to build a very successful wine brand 'Wehls Mt Benson Vineyards'. The family's pioneering spirit inspired others into the region and a rapid development of the Mt Benson viticultural plantings followed amidst the boom of the early 90's and a burgeoning wine industry Australia wide. Investors included a number of high profile international companies. As well as producing his own awarded wines, between 1996 and 2001 Wehl undertook a major role managing the development and planting of the 120 Ha Mount Benson Community Corporation Vineyards. He remained with the corporation until his untimely death in 2014.

### THE H.R. (RON) HASELGROVE TROPHY FOR BEST CABERNET OF SHOW

Ron Haselgrove was born in Adelaide on 23rd April 1900. He graduated from Roseworthy Ag College in 1919 after a brief stint classing wool, he returned to Roseworthy as Acting Analytical chemist in 1920 and went on to do his first vintage at Renmark Growers Distillery under the direction of Leo Buring. He then went to France and studied at L'cole national d'Agriculture at Montpellier and on his return was winemaker for Angoves and then Mildara. He went on to be Managing Director of Mildara Wines. In the early 1950s, Mildara started making 'claret' style wines with shiraz and cabernet from vineyards in Coonawarra. In 1955 Mildara purchased land and developed 370 hectares of vineyard. Ron was instrumental in defining the 'claret' style of the time, using smaller oak barrels and working with french coopers to achieve this. A notable wine made with his influence was the 1963 Mildara Peppermint Pattie, rare but still valued and drinkable today. Notably, Ron received an OBE in 1964 for his services to wine, which included the establishment of the AWRI. He retired in 1971.

### THE EWEN FERGUSON MCBAIN TROPHY FOR BEST MUSEUM RED

Ewen was the first winemaker to work & live in Coonawarra. Dux of Roseworthy in his year, he then became the assistant government viticulturist to Professor Perkins at Roseworthy College. Perkins has been advising Riddoch on the establishment of the Yallum Fruit Colony and recommended McBain to Riddoch. In 1898 he took up the position as manager of the Yallum Park Fruit Colony where the 60 acres of vines received his skilful attention and started making wine in the partially completed Riddochs' Cellars (now Wynns). During his time as manager he oversaw the completion of the cellars, completed 10 vintages and trained Bill Redman, who took over the winemaking in 1908. Mccain was said to have been meticulous and insisted on absolute cleanliness in the winery. McBain brought to Coonawarra the best science and up to date knowledge of the day for the establishment of the new region.

**Judges:** Sophie Otton, Pete Bissell, Skye Salter **Associate Judges:** Jacinta Jenkins, Ben Kendrik

**Judges Comments:** A strong class of silver highlights. One gold stood well above the rest. A beautifully composed example of merlot, which is not easy to achieve. Happily there were few faults with diverse examples across the category.

## SINGLE RED VARIETAL

### CLASS 22 – FRENCH: UP TO 7 YRS OLD (2023-17)

**Judges:** Gwyn Olsen, Madeleine Stenwreth, Kent Comley **Associate Judges:** Chris Plummer, Jin Maekawa

**Judges Comments:** A feast or famine class. The lesser wines inherently faulty and lacking fruit expression and tension. A delightful pinot well awarded showing wonderful varietal expression. The top wine showed wonderful expression of varietal and great balance of acid and tannin. a delight to drink.

**Judges:** Sophie Otton, Madeleine Stenwreth, Sue Bell **Associate Judges:** Jacinta Jenkins, Ben Kendrick  
**Judges Comments:** An excellent class. A pleasure to judge. The best wines have intensity and harmony keeping oak and tannin in check allowing the fruit to shine. The main issue was extraction levels which in some cases overwhelmed the fruit to the detriment of the wine's score.

**Judges Comments:** The wines showed plenty of fruit bolstered by quite ripe supportive tannins. On the whole good wines with the best showing a balanced harmony with plush savoury fruit characters.
