FROM THE LCWS COMMITTEE

Hello once again! It's that time of year when you should start considering your entries for the Limestone Coast Wine Show. Philip Rich, our Chief of Judges, will lead the judging team once more, and we're thrilled to introduce Sean Ou as the International judge. Sean, based in Singapore, holds the WSET L4 Diploma and brings extensive experience as a wine communicator, Sake specialist, and spirit evangelist, in addition to his wine judging expertise.

We've been refining the Wine Show Pro online entry system, aiming to make it easier for you to complete your entries this year. We've eliminated some unnecessary data boxes, streamlining the process. Additionally, we've improved the navigation for single vineyard and small batch options. Notably, Traminer (or Gewurztraminer) has moved from Class 16 to Class 19. In the Provenance Classes, we've revamped the format so you can provide information for the three different vintages in a more logical manner.

Our committee is diligently preparing for this year's events. The judging will occur at Coonawarra Hall, and the Presentation Dinner will take place on Thursday 24th October at the Naracoorte Town Hall.

We extend our heartfelt thanks to all the supporters of the Wine Show: wine companies, small producers, vignerons, sponsors, suppliers, and volunteers. Their contributions in various ways over the years have been invaluable. Let's look forward to celebrating another fantastic year of wine from the Limestone Coast!

presented. Where more than one viticulturist has been involved in growing grapes for a wine, only one viticulturist must be nominated on the entry form for the purposes for granting the travel bursary. Winemakers or proprietors are not accepted by the committee as substitutes for nomination, and if a name cannot be provided for a winning wine, the trophy and travel bursary will be withheld.

- 3.3. There will be a trophy for the Best Individual Vineyard Wine. On entry you, the exhibitor, will be able to specify if it is to be considered for this trophy. These entries will be judged amongst the regular classes, and meet minimum stock holdings for those classes so that they are still eligible for second and first tier trophies. The **criteria** for an exhibit to be considered as an **INDIVIDUAL VINEYARD** wine shall be:
- 3.3.1. From a **NAMED UNIQUE INDIVIDUAL** vineyard block, continuous and defined and able to be clearly identified on your vineyard map. The wine shall be 85% or greater from this site
 - 3.3.2. The Individual vineyard block shall be **clearly named on the commercial label** and be:
 - 3.3.2.1 named on either the front or back label (or both) and reflect the link between site and label
 - 3.3.2.2 separate from the usual branding banner and/or the brand name
 - 3.3.3. A **FORM 2 (Statutory Declaration)** for each wine shall be completed with the required documents submitted at time of exhibit delivery.
 - note download off portal and submit at time of entry.
 - 3.3.3.1. **Label** – A PDF (preferred) or paper copy of the label must be received for review by the committee to be held on file for 3 years
 - 3.3.3.2. **Map** – A copy of the map clearly showing the single named vineyard (vineyard block) continuous and defined.
 - 3.3.3.3. *(If the FORM 2 is not received prior to judging, the committee will untick the Individual Vineyard box on the entry form and the exhibit will be judged normally within its class.)*
 - 3.3.3.4. **The Vineyard Register (VR) is ELECTRONIC:** We will require all documentation to be sent this year. The VR will be available to use again in 2024. All 2024 entries will be kept on electronic file so that the VR option is available in future years.
 - 3.3.3.4.1. In previous years returning individual vineyard exhibitors may have opted to use the **VINEYARD REGISTER**, whereby documentation was submitted at least once every three years, if no significant changes were made to the wine label and/or vineyard block as defined on the label. If significant changes had occurred, paperwork as for 3.3.5.1 and 3.3.5.2 would have been required (ie 2022 onwards).

WINE SHOW '24

- 3.4. There is an opportunity to enter experimental small batch wines. Small batch is defined by the committee as where a maximum of 1350L (150 dozen) were produced and a minimum of 25 cases are in stock at time of entry. These will be judged with the regular exhibits and in the regular classes. The Panel Chair will be advised of the exhibit numbers of small batch wines within each class once initial judging of the class is complete, in order to make decisions on the wine's merit to be put forward for this award. The award is designed to encourage experimentation, and may be given to the best wine that exhibits something new or innovative or is simply excellent. If a wine is entered as an experimental small batch at time of entry, it is not eligible for any award other than the experimental small batch award. The winning wine does not need to be a gold medal, and may or may not be a bottled wine. Small Batch wines shall not be entered in the Museum or Provenance classes (Classes 8 to 15).
- 3.5. There will be an International Judges Award. Any labelled wine entered in the show is eligible for this award. The International Judge will determine the criteria for selection. The philosophy is to award a deserving wine that shows excellence but would not necessarily achieve status in the existing judging and trophy structure. The award will be presented along with the trophies and in similar fashion. Non bottled wines are excluded from this award.
- 3.6. There will be an award for The Chief of Judges wine to watch. This will be awarded to any wine of merit by the Chief of Judges. It does not need to be a gold medal wine and is a stand alone award. Non bottled wines are excluded from this award.
- 3.7. The most successful exhibitor trophy will be awarded to the exhibitor who has achieved the highest aggregate score, from their top five or less scoring entries. No more than five exhibits shall be included for the calculation for this trophy. Non-bottled wines points and Provenance Classes 8-15 are excluded from this calculation.
- 3.8. Wines entered for **Provenance Trophies** will be judged as a stand-alone group or section. Exhibitors will be asked to enter **3 wines of the same label**, one of current vintage to 4 years old, one of between 5 years and 9 years older than current vintage and one of at least 10 years older than current vintage. Wines will be **judged as a group of three**. Provenance is designed to recognise and celebrate wines of exceptional consistency of style and quality over time. The label is the winner, not a particular vintage. Exhibits entered into the Wine of Provenance classes may also be entered in an Open Class.
 - 3.8.1 Sample requirements are 2 bottles for each provenance class (ref Reg 1.4). Any unopened exhibits entered into classes 8-13 will be available for collection by the exhibitor at the exhibitor tasting or by arrangement with the committee.

4. Protocols

- 4.1. All exhibits become the property of the Limestone Coast Wine Show.
- 4.2. Condition of entry that exhibitors agree to abide by the consequences of the wine show auditing process.
- 4.3. The Committee shall audit exhibits as per ASVO Wine Show Project Reference Group recommendations. (refer ASVO BPR 2020 section 4.7).
 - 4.3.1. Labelling Integrity Program (LIP) paper-trail compliance.
 - 4.3.2. Minimum stock at time of entry.
 - 4.3.3. Will be asked on entry to nominate address or warehouse where stock can be inspected and audited, as inspection of stock may form part of audit process.
 - 4.3.4. Pre-Judging and post-judging audits (refer ASVO BPR 2020 4.7.3).
 - 4.3.5. The audit process may be conducted by an internal or external auditor.
- 4.4. The Committee's decision shall be final.
